Texas Lutheran University Police Department Safety Alert

Early Monday morning 3/23/2015 a female student living in the South Apartments woke up and notice the lights were on in her apartment which she had turned off when she went to bed. She got up to turn off the lights when she noticed a male subject sitting at the breakfast table with his back to her. She believed it was one of her suite mate's boyfriends so she closed her door and went back to bed. She stated that when she woke in the morning her and her roommate found a backpack which did not belong to her or anyone else in the apartment. There was nothing stolen and the subject did not make contact with anyone in the apartment. Information given to TLUPD was that the door was left unlocked even after everyone went to bed.

Everyone plays a role in their own personal safety. You should always keep your doors locked at all times. We are not a closed campus and anyone can drive or walk through. We do our best keeping our community safe, but we cannot be everywhere at the same time. So please keep your doors locked and report any suspicious activity TLUPD at 830-372-8000.
