## Police Department Scam Alert

On April 9, 2014 a student reported to TLUPD that they had just received a call advising them that they had been selected to receive a \$ 5000.00 Grant. The caller attempted to gain the students personal banking information so he could deposit the \$ 5000.00 in their account. When our student questioned the caller they could not get an answer to their questions. Please remember never give out any type of personal information to anyone you do not know especially over the phone. If you receive a call similar to this please contact Texas Lutheran University Police Department.
